Clinton Parks & Recreation Meeting Minutes

5:30pm

Savage Field Recreation Facility

36 Vale Street

Called to order: 5:30pm

Attendance: Yoanna Osborne, Jodi Breidel, John Baird, Matt Kobus, Facilities Director Russ Karlstad, CALL Board Members Dan Lucking and Jay Laganelli

Administrative:

- Site Visit Only – no deliberation
- Review of proposed locations from CALL Board for approved plaque
- Location #1 – Midway in Center Field along the warning track near the dirt perimeter; alignment with the Pavilion Peak in a stand-alone location.
- Location #2 – Near Scoreboard, Left of the Middle Black Pole; suggested an additional cut out with mulch and border added for definition.
- Dan will confirm with monument company about recommended anchoring of base and report back to the Commission in time for our next meeting on 6-26-19. (*Similar monument in Central Park near the Fountain for comparison). Russ said that 2-3 feet below the ground would not be necessary at first glance.
- Concerns addressed: foot traffic created & children playing on or around monument; sufficient clearance for lawn maintenance equipment
- John motioned to adjourn @ **5:47pm.**, Jodi 2nd; all in favor.
