**Parks & Recreation:**

Department Updates - Rosa updates on Fall cleanup, to be done this week. Christmas Lights will start going up. White lights at Central, colored lights at Hamilton Square. Should be ready the day after thanksgiving. We cannot have any events. New orders from the Governor, for us it's masks in public spaces at all times. Outdoor groups for parks are 25, unless churches or political protests. Everything must go through the board of health. They want indoor groups of ten but we are a municipality so it doesn't pertain to us. Our long recurring rental is 10-15 people. Our program is at 10 max. Splash pad updated. This may change due to the Selectman Meeting. Waiting for permit. Demolish, clear and install the guts prior to Winter. Spring they will install the elements and pad so winter doesn't crack it. Ward will let Russ know if that's a go. They say it could take 3 weeks. A water fountain may be installed comparable to what was installed at Savage Field. Ed asks about it taking 3 weeks, maybe it should wait till spring. Rosa is unsure if it's because the Director is leaving. They are waiting on guidance from the SelectBoard. Discussion on whether to wait till Spring. It's our responsibility to make sure it's done when it should be. Amanda motions to have Rosa email the board of select ask them to consider postponing the whole project till the spring. Patty seconds, all in favor.

Three day program is going great and is full. No events due to restrictions. Possible pickup kits, going to clear with the Board of Health.

### **New & Old Business/Open Discussion**

Mike asks Rosa about an event this weekend, it looked packed here on Saturday or Sunday. Encouraging to see. Rosa indicates it's our recurring rental, a church. The church is 10-15 people and some are in the same household. Discussion on Church capacity and possibility of losing that rental income.

Mike asks about his requests he made during our Fuller Field Commission Meeting. He requests that the director inquire as to what the process is for those two issues. Amanda indicates we are no longer in that meeting. Mike says he is asking it under a different umbrella. John mentions we are not supposed to discuss another commission during another commission meeting. Rosa indicates it's a violation of open meeting law, we need to follow protocol.

Amanda motions to adjourn at 7:11, Ed seconds. All in favor.
